SILVER SPRING WI-FI WIRELESS INTERNET SERVICE

Silver Spring Wireless Fidelity (SS WiFi) has been developed to offer free wireless internet access to all. Wireless equipped laptops will be able to detect and connect to the Internet via active Hotspot access points in the Downtown Silver Spring area. This map shows the SS WiFi coverage area.

Silver Spring WiFi is a public/private effort between Montgomery County Government and Atlantech Online Inc.

The wireless internet access will be available FREE 24 hours a day, seven days a week. **There will be no guarantee of performance, privacy, or reliability.** The free service has no Help Desk or customer service support and is being offered on a voluntary basis. *The lack of privacy and reliability must be noted.*
